

Privacy Policy

1. About Us

OAP Caller is a communication application designed to help users manage and review **their own call logs and contact information** for communication and productivity purposes.

This application is intended for **individual communication use**, not for educational or institutional monitoring.

By using this app, users can view call history, initiate calls, and access their own contact list securely on their device.

2. Personal Data We Collect

OAP Caller collects **only the minimum data required** for core communication features.

a) Call Logs

- Incoming, outgoing, and missed call information
- Call date, duration, and phone number
- **Purpose:** To display call history to the user inside the app
- **Source:** Retrieved locally from the user's device

b) Contacts

- Contact names and phone numbers stored on the device
- **Purpose:** To display contacts and allow calling directly from the app

c) Phone State & Call Handling

- Call status (ringing, answered, ended)
- **Purpose:** To enable call-related features like call initiation and call status detection

Important:

We do **not collect, upload, sell, or share** call logs or contacts with third parties.

3. Comments & User Input (If Applicable)

If the app or associated website allows comments or feedback:

- We may collect IP address, browser type, and user-submitted content
 - This data is used **only for spam detection and support purposes**
-

4. Media Uploads

Users are advised **not to upload images containing embedded location data (EXIF GPS)**.

Other users may be able to download and extract this information if shared publicly.

5. Cookies (Website Only)

If you visit our website:

- Cookies may store your name, email, and preferences for convenience
- Login-related cookies may last up to **two weeks** if “Remember Me” is selected
- Temporary cookies verify browser compatibility

The mobile app itself does **not use cookies**.

6. Embedded Content from Other Websites

Content such as videos or articles embedded from third-party websites may:

- Collect data
- Use cookies
- Track interactions

This behavior follows the respective third-party privacy policies.

7. Analytics

We may use **anonymous analytics** to understand app performance and usage trends. These analytics **do not include personal call logs or contacts**.

8. Data Sharing & Retention

Sharing

- We **do not sell or share** personal data
- User data may be processed by automated spam detection services (if comments exist)

Retention

- Call logs and contacts remain **on the user's device only**
 - Website comments or profile data may be retained indefinitely unless deletion is requested
-

9. User Rights

Users have the right to:

- Request access to their personal data
- Request data deletion (where legally permitted)
- Update or correct their profile information

Requests can be made via **[your support email]**.

10. Data Protection & Security

We take reasonable technical and organizational measures to protect user data:

- No unnecessary background data collection
- No unauthorized access to call or contact data
- Permissions are used **only when required for core functionality**

11. Permissions Explanation (Google Play Compliance)

OAP Caller requests the following permissions **strictly for user-initiated communication features**:

- **READ_CALL_LOG** – To show user call history
- **READ_CONTACTS / READ_PHONE_NUMBERS** – To display contact list
- **CALL_PHONE** – To allow users to make calls
- **ANSWER_PHONE_CALLS** – To manage call actions
- **READ_PHONE_STATE** – To detect call status

These permissions are essential for a **caller/communication app** and are **not used for tracking, advertising, or surveillance**.

12. Automated Decision-Making

OAP Caller does **not perform automated profiling or decision-making** that affects users legally or significantly.
