### **Institutional Two Best Practices**

1. The institute focuses on counselling of students for solving their problems, provide confidence to improve their quality of life, guiding students to choose right career path for job, higher studies, entrepreneurship, time management, practical exposure, ensuring that each student is taken care individually in which they can talk about their academic and personal development, career planning and any pastoral concerns. etc. through mentoring system
2. The institute focuses on Value Added Teaching Learning System to make students multidimensional. This system helps to develop awareness and competitive spirit in the hearts of the young aspirants, groom the inherent talents of the students, inculcate and educate the young minds for the pursuit of regenerating the creative ideas and sensitize the students towards social responsibilities.

## **SWOC Analysis**

### **Strengths:**

- The Institute has well equipped infrastructural facilities with well furnished classrooms, white boards, LCD projectors that makes teaching-learning interactive.
- The Institute has Smart Board class rooms.
- The rich library of the Institute provides ample resources to enhance the teaching-learning process.
- Well equipped Computer Labs, Physics and Electronics Lab, Communication Lab add to infrastructural facilities.
- Highly qualified experienced and dedicated faculty members impart quality education to students and help them in exploring their hidden talents.
- The Institute is situated in the heart of the city which provides easy accessibility to the students from all corners of the city.
- The mentoring based education system helps the students to develop the sense of belongingness and groom well in all aspects of life.
- The Institute emphasizes value based teaching-learning process.
- The seed of mission of excellence through involvement has generated fruits of efficacy in performance.
- The motto of Institution for character building through ethics and values has given a broad image of the culture & organizational climate.
- The dynamic work culture of promptness, punctuality, positivity and purposefulness has added value to the Institute.
- The Institute is the oldest self-financed Institute of the state of Madhya Pradesh.
- The financial assistance from the trust facilitates economically weaker students to pursue higher studies.

### **Weaknesses:**

The Institute is well aware of the delicacies on which it has to work out –

- The collaboration or tie-ups with the Industry needs to be improved.
- The Institution is the oldest self-financed Institution with a great pool of alumni, However, the network of alumni needs to be strengthened.
- The quality placement of the students needs to be improved.
- The Institute is dependent on the curriculum prescribed by the affiliating universities which are not timely updated as per the industry requirements.

**Opportunities:**

- The brand image of Shri Vaishnav Institute of Management acts as a strong platform to introduce new skill based professional programs.
- Exploring sustained interaction through tie-ups with Industries, providing internship, industry visits, and projects for our students.
- Being centrally located and well connected, the Institute has an advantage to attract students from all over the country.

**Challenges:**

- Big Industry houses do not entertain students for the placement and internship programs. This affects institute-industry interface.
- Being an affiliated institute, syllabus revision, conduction of examination and timely announcement of result poses a great challenge.
- Students belong to different academic and regional backgrounds that make it challenging to groom them individually on language and technical aspects.
- Faculty retention is a challenge due to upcoming renowned national institutes and universities.
